

XP300LED

HAZARDOUS LOCATION RECHARGEABLE LED WORKLIGHT

Lind Equipment brings you a first for the world of hazardous location lights with the XP300LED. The XP300LED is a rechargeable LED worklight that is approved for Class 1 Division 1 locations. The three bright 3W LEDs can last for 7 hours on a single battery charge and illuminate a wide work area. The battery can even be changed INSIDE the hazardous location. Now you no longer need to be burdened with long runs of cord or expensive explosion-proof plugs.

XP300LED

- + Certified for Class 1, Division 1, Groups C & D
- + 3 x 3W LEDs
- + Adjustable 'focus' lens to go from a worklight beam to a floodlight beam
